

THE ORIGINAL CRESCENT ADJUSTABLE WRENCH

...But better.

Since its introduction in the early 1900s, the Crescent brand has become synonymous with the adjustable wrench. With market-leading innovation that saves time on the job, the new design features fast-fit jaws, off-corner loading to prevent rounding of fasteners, a larger knurl for easier in-use adjustments and more. We are the original name in adjustable wrenches, now with even more innovation.

Extra-Wide, Flared Beam

For superior comfort and ability to apply more torque

AC28VS

Off-Corner Loading

Prevents rounding of fasteners when applying heavy torque

Larger Knurl with Surround

For easier adjustment and tighter jaw fit; won't bind up. Surround helps prevent accidental back-off

Laser Etched Markings

SAE and Metric, allows easy determination of fastener size

Slim Head/ Wide Jaw

20% more access and capacity

Fast Fit Jaw

Lead-ins and 1-degree slope on lower jaw allow for fast fitment on fasteners and fittings despite inconsistent flats on fasteners

Tough gets the job done.
Smart gets the job done right.

ADJUSTABLE WRENCHES

- The original adjustable wrench, made by the world-famous Crescent® brand
- Laser etched scale in both SAE and Metric sizes allows easy fastener size identification
- Larger knurl provides a tighter jaw fit, is easier to adjust and is less likely to bind up
- Hex jaw design reduces slippage by gripping fasteners tightly
- Wider handle improves comfort and reduces fatigue
- Heat-treated forged alloy steel for toughness and durability
- Tension spring stabilizes jaw and allows easy knurl adjustment
- Chrome plated finish wipes clean easily and resists rust and corrosion
- Polished head and satin finished handle

Tough gets the job done.
Smart gets the job done right.

CUSHION GRIP ADJUSTABLE WRENCHES

- Off-corner loading helps prevent rounding of fasteners when applying heavy torque
- Allows you to apply 20% more torque before fastener failure
- A 1-degree slope on the lower jaw allows for fast fitment on fasteners and fittings without having to readjust the jaws every time
- Lower profile wrench head for ease of access
- Extra-wide, flared beam for superior comfort and ability to provide more torque
- Larger knurl with surround for easier adjustment and tighter jaw fit and reduced binding. Surround helps prevent accidental back-off
- Laser-etched markings make it easier to adjust to any fastener size – SAE or Metric
- 20% greater jaw capacity makes it easier to adjust to any fastener size

WIDE JAW ADJUSTABLE WRENCHES

- Each wrench meets the ASME performance requirements for the next size up [Example: 6" wrench meets the requirements for an 8" wrench]
- Micro-serrations on the jaws provide a tighter grip on the fastener thus helping to generate 4x more torque than traditional adjustable wrenches
- Laser etched scale in both SAE and Metric sizes allows easy fastener size identification
- Larger knurl provides a tighter jaw fit, is easier to adjust and is less likely to bind up
- Black phosphate and lacquer finish help to resist rust and prevent corrosion for better durability

LOCKING ADJUSTABLE WRENCHES

- The original adjustable wrench, made by the world-famous Crescent® brand
- Laser etched scale in both SAE and Metric sizes allows easy fastener size identification
- The versatility of an adjustable wrench and the gripping power of a locking plier
- Anti-slip adjustable jaw opens to 1" to fit a wide variety of fasteners
- Delivers twice the gripping power on rounded fasteners
- Locking handle tightly grips fasteners, reduces slippage on rounded fasteners
- Jaw design features gripping teeth and 14 locking positions for enhanced gripping power
- Quick release lever allows for easy disengagement
- Dual material handle for maximum comfort and control
- Chrome plated finish wipes clean easily and resists rust and corrosion

Cat. No.	Overall Length	Capacity Diameter Max	Packaging	Product Weight
ACL10VS	10.0 in	1.312 in	Carded	1.480 lb

RATCHETING ADJUSTABLE FLEX LOCK WRENCHES

- The original adjustable wrench, made by the world-famous Crescent® brand
- Laser etched scale in both SAE and Metric sizes allows easy fastener size identification
- Larger knurl provides a tighter jaw fit, is easier to adjust and is less likely to bind up
- Heat-treated forged alloy steel for toughness and durability
- Large capacity 1-1/8", 29mm hex jaw design reduces slippage
- Ratcheting jaw keeps jaws secured on fasteners, making jobs faster and easier
- Ratcheting on/off selector allows use as a traditional adjustable wrench
- 180° indexing handle locks in 12 different positions
- Chrome plated finish wipes clean easily and resists rust and corrosion
- Polished head and satin finished handle

Cat. No.	Overall Length	Capacity Diameter Max	Product Weight
ACFR8VS	8.0 in	1.187 in	0.830 lb

AUTOMOBILE ADJUSTABLE WRENCHES

- Smooth jaws won't mar easily-damaged fastener surfaces such as chrome or brass
- Wider jaw capacity than traditional pipe wrenches
- Slim profile head design allows better access to tight areas
- Heat-treated forged alloy steel for toughness and durability
- Strong I-beam handle construction
- Chrome plated finish wipes clean easily and resists rust and corrosion

Cat. No.	Overall Length	Capacity Diameter Max	Product Weight
C79H	9.0 in	2.750 in	1.01 lb
C711H	11.0 in	3.000 in	1.50 lb
C715	15.0 in	3.625 in	3.20 lb
C718	18.0 in	4.375 in	4.60 lb

CHAIN WRENCHES

- Double-action grip force allows use in either direction for tightening or loosening
- Excels in low-access areas where ordinary pipe wrenches will not fit
- Concave-cut teeth grip tightly and can be easily sharpened if needed
- Excellent for pipe fittings
- Strong I-beam handle construction
- Chrome plated finish wipes clean easily and resists rust and corrosion

Cat. No.	Chain Length	Pipe Size Max	Product Weight
CW12H	16.27 in	4 in	1.85 lb
CW15	19.64 in	5 in	2.75 lb
CW24	24.14 in	6 in	3.60 lb

REPLACEMENT CHAIN FOR CHAIN WRENCHES

- Replacement chain
- Excellent for pipe fittings
- Concave-cut teeth grip tightly
- Can be easily resharpened if needed

Cat. No.	Overall Length	Overall Width	Overall Height	Product Weight
CW12C	16.27 in	1.8 in	0.75 in	0.79 lb
CW15C	19.64 in	2.04 in	0.82 in	0.90 lb
CW24C	24.14 in	2.23 in	0.82 in	1.10 lb
